

I love VolunteerUP! This system saves me hours a week by empowering my volunteers to schedule themselves weeks and even months in advance. VolunteerUP makes my job so much easier. The folks at VolunteerUP are a pleasure to work with. Thank you!

Jana McKinley, Habitat for Humanity
South Puget Sound, WA

Volunteer Management System

The on line
scheduling service
designed
specifically for
you and your
volunteers!

www.VolunteerUP.com

VolunteerUP is a web based volunteer management system designed specifically to make Habitat for Humanity's Volunteer Coordinator's job easier. With VolunteerUP your volunteers can register, maintain their own Volunteer Profile and most importantly, sign up for projects on line.

Volunteer Coordinators can instantly see how many volunteers have signed up for each project day, and focus their efforts on projects that need more support. Volunteers can be e-mailed by skill, team, project/day, and more.

VolunteerUP links seamlessly with your web site. Your volunteers just click a button on your web site to go to a calendar of your projects. They then click "sign up" on any available project.

VolunteerUP makes signing up for your projects as easy as a click of a mouse.

VolunteerUP@gmail.com

VolunteerUP was the missing piece to our volunteer program. The on line calendar makes it easier than ever to volunteer and our sponsors can even login and manage their own volunteers. VolunteerUP allows us to communicate with our volunteers with a click of a button. When the weather is bad and we have to cancel a build day, one click sends a cancellation e-mail to everyone!

Andrea Bean, Habitat for Humanity
Ft Collins, CO.

Increase your volunteer participation

PO Box 1056

VolunteerUP

Bring your volunteer scheduling into the Internet age.

Volunteers can now...

- Easily read about your projects on line.
- Register themselves as volunteers with your affiliate on line.
- Sign themselves up for projects on line.
- Receive automated e-mails confirmations and reminders.
- Keep track of their volunteer commitments.

Volunteer Coordinators can now...

- Receive automated e-mail notification when new volunteers register on your site, giving you an opportunity to make personal contact.
- Automatically steer new volunteers to orientations, if you want.
- Give volunteers authority to sign up for projects on line themselves.
- Coordinate and manage groups (teams) and team projects on line.
- Track and report volunteer hours on line.
- E-mail all volunteers, or subsets of volunteers associated with teams, or volunteers signed up for specific projects, or volunteers with specific skills to help at critical times.

Improve your productivity while increasing your volunteer participation.

“VolunteerUP has been a great tool for our office staff and our volunteers. It makes scheduling and organizing events, projects and volunteers simple. The “VolunteerUP!” technical support is always timely and useful.”

**Ramona Ruskamp
Habitat for Humanity
Stanislaus, CA**

Site Managers can now...

- Know who to expect at the construction site without going to the office.
- Print out lists of volunteers signed up for projects.
- Easily report volunteer hours back to the office.

VolunteerUP will...

- Link seamlessly with your affiliate's web site.
- Work with any number of volunteers, projects and signups.
- Easily export volunteer contact information for mail merge programs.
